

## Cleveland STEP

### Final Project

For this project you and your group must create a collage about the company you chose using anything from pictures to drawings, models, articles, etc. that you will present during the final session. Each member of your group must create a section of the collage that they will speak and elaborate on during the presentation. While developing your collage, keep in mind creativity, attention to detail, clarity, and how informative the collage is. The collage should depict most of, but not limited to, the following topics:

- 1) Company
  - a) Why did you choose this company?
  - b) What is the history or background of the company?
  - c) What are other interesting facts about the company?
  
- 2) Company visit
  - a) General summary of the visit as a whole
  - b) Interesting parts of the visit
  - c) Activities that were conducted during the visit
  
- 3) What field(s) is this company involved in?
  - a) This field(s) interests you because:
  - b) What are some interesting current events in this field?
  - c) What are some recent innovations in this field?
  - d) Can these innovations be used in other fields outside of the one it originated in?
  
- 4) Future Career
  - a) From what you learned, would you work in this field? Why or why not?
  - b) What school subjects or courses would help one to prepare for this field?
  - c) What else would one need to do to find a career in this field(s)?

*This assignment is a GROUP project, which means GROUP effort is expected. If you have any questions or concerns, please contact Laquania at [Laquania\\_Graham@ClevelandWater.com](mailto:Laquania_Graham@ClevelandWater.com) or 216-857-7068.*
